

FEELINGS

*Thirty years ago I asked
If you would be my wife
And since that time we've sweetly shared
The adventures found in life*

*I loved you thirty years ago
In a very special way
And I wanted you to know I feel
That same sweet love today*

SOMETHING MISSING

*Last night I went to the bathroom
It was very, very late
I sat for over two hours
Trying to meditate*

*After my deep meditation
When I had solved each issue
I meditated more, because
There wasn't any tissue*

ENIGMA

*I'll be five in two more days
My life is in a whirl
Jimmy says I got to get
Myself a pretty girl*

*He says a sassy maiden
Will bring me lots of joy
But what the heck's the difference
Between a maiden and a boy?*

COFFEE

*My wife is really sore at me
She's very, very mad
Just because I said her coffee
Was awfully, awfully bad*

*I told her confidentially
She ought to teach our daughter
How to make that special brew
That tastes like muddy water*
